

# **RATIONALE**

# **Dot-dot-dot**

Depending on their context and placement in a sentence, ellipses (or the three dots) can indicate an unfinished thought, a leading statement, a slight pause, an echoing voice, or a nervous or awkward silence.

But in modern day internet communication they indicate a message being in progress, having our impactful sound (Dawwie) right after the silence sends a message that it's now time to speak up.
